Research Scope

We collected complete responses from **424** undergraduate students across the US during their first week back from spring break (**March 23-27, 2020**). This includes those from 2- or 4-year programs; and who were previously on-site students.

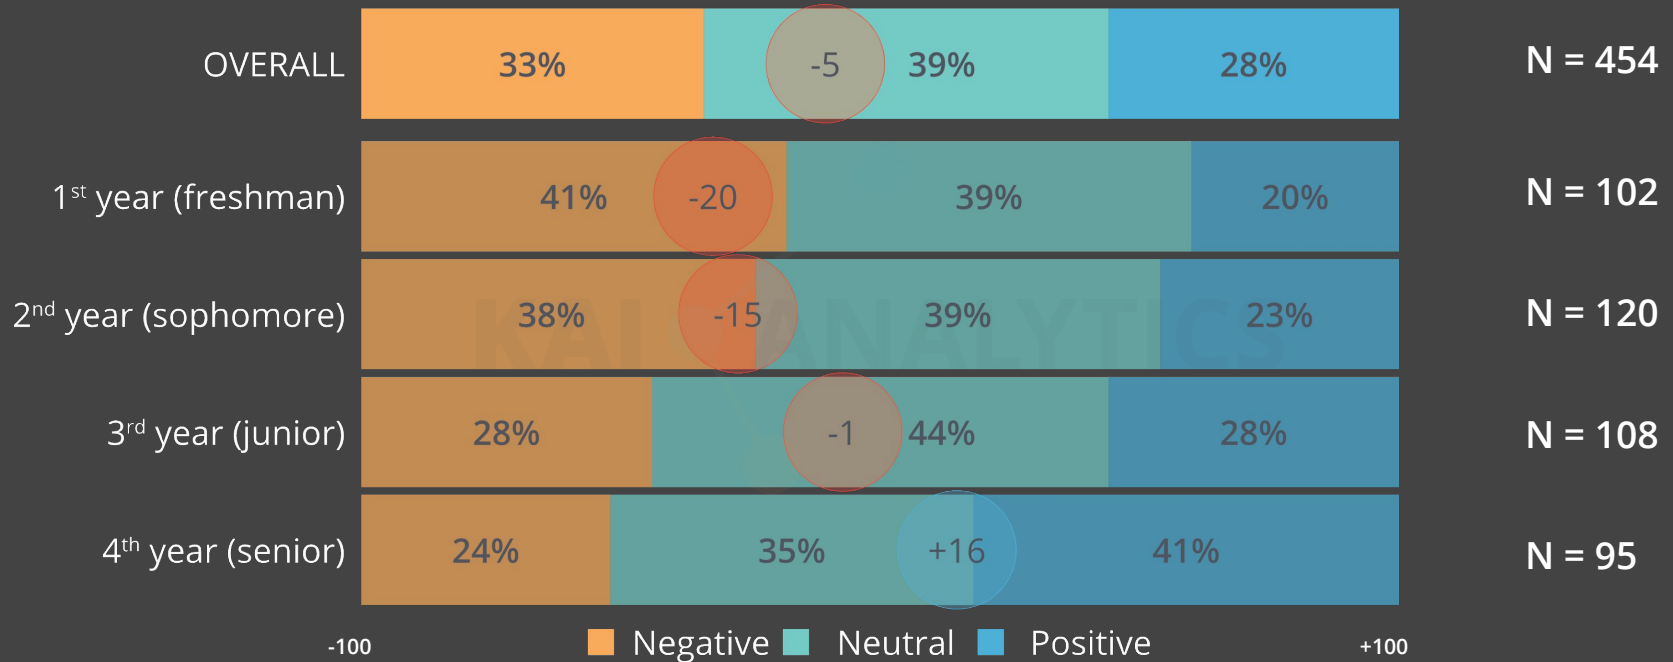

Research Scope

The top 5 states were CA, NY, TX, FL, and MI.
All remaining states had relatively even distribution of respondents.

Overall, how well is your school meeting your online/virtual educational needs since on-site classes were cancelled?

I would appreciate if my school would either give us our money back for the time we lost or allowed us to do a pass/fail option for our transcripts. Otherwise, I wish they would allow academic counseling online to determine how we move forward

Text Analysis Tips

1. Make sure your open-ended questions are succinct.
2. Sometimes the themes that are 5~20% of your sample are more actionable than 40%+
3. Be aware of institutional lingo, acronyms, terminology, etc.
